8.	REITS and InvITS	The Scheme shall not invest: - more than 10% of its NAV in the units of REIT and InvIT; and - more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer. The fund under all its schemes should not invest more than 10% of units issued by a single issuer of REIT and InvIT.	Clause 13 of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996 and Para 12.21 of SEBI Master Circular dated May 19, 2023

The cumulative gross exposure to equity, equity related instruments, debt, money market instruments, derivative positions, repo transactions, other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time subject to regulatory approvals, if any shall not exceed 100% of the net assets of the Scheme.

Subject to SEBI (MF) Regulations and the applicable guidelines issued by SEBI, the Scheme intends to invest in repo /reverse repo in corporate debt securities upto 5% of the net assets of the Scheme.

The Scheme may invest in mutual fund units as permissible.

The Scheme retains the flexibility to invest across all the securities in the debt and money markets as permitted by SEBI / RBI from time to time.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. SEBI vide letter dated November 3, 2021, has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

In line with para 12.24 of SEBI Master Circular on Mutual Funds dated May 19, 2023 , the cumulative gross exposure to equity, equity related instruments, Fixed Income Securities, money market instruments and such other securities/assets as may be permitted by the Board from time to time subject to regulatory approvals, if any should not exceed 100% of the net assets of the Scheme.

Portfolio Rebalancing

Rebalancing due to Short Term Defensive Consideration

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per para 1.14.1.2 of SEBI Master Circular on Mutual Funds dated May 19, 2023, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breach:

Further, as per para 2.9 of SEBI Master Circular on Mutual Funds dated May 19, 2023, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for

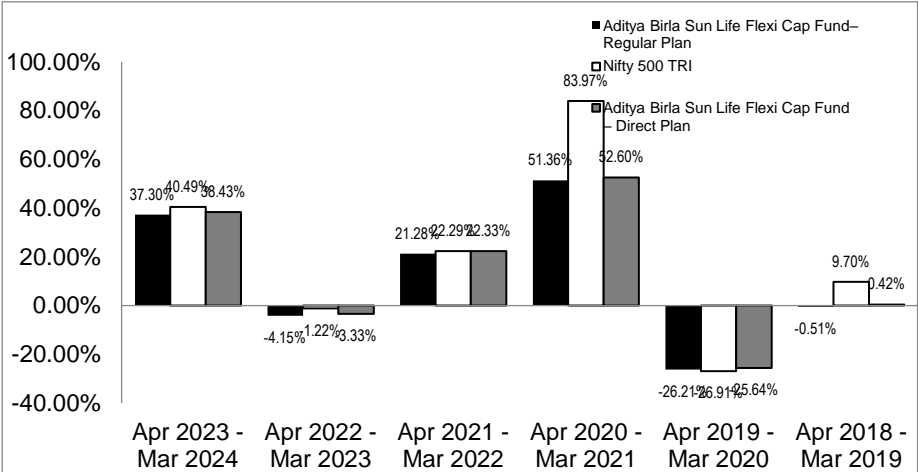

Aditya Birla Sun Life Flexi Cap Fund

	<p>rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 2.9 of SEBI Master Circular on Mutual Funds dated May 19, 2023.</p>
Investment Strategy	<p>The Scheme would adopt top-down and bottom-up approach of investing and will aim at being diversified across various industries and / or sectors and/ or market capitalization. The investment emphasis of the scheme would be on identifying companies with sound corporate managements and prospects of good future growth. Essentially, the focus would be on stocks driven by long-term fundamentals. However, short term opportunities would also be seized, provided underlying values supports these opportunities. A portion of the scheme will also be invested in IPOs, emerging sectors, concept stocks and other primary market offerings that meet our investment criteria.</p> <p>The scheme would invest a substantial portion of its investible assets in equity and equity related instruments. Pending investment of the scheme may be invested in debt & money market instruments and other liquid instruments or both. The scheme may have prudent exposure to Futures & Options (F&O) to capture opportunities arising out of market imperfection and to hedge the portfolio, whenever necessary.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p>Portfolio Turnover</p> <p>The scheme has no explicit constraints either to maintain or limit the portfolio turnover. Portfolio turnover will depend upon the circumstances prevalent at any time and would also depend on the extent of volatility in the market and inflows/outflows in the scheme. The Fund Manager will however endeavour to maintain a low portfolio turnover rate.</p> <p>A higher churning of the portfolio could attract high transactions of the nature of brokerage, custody charges etc.</p>
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Memorandum (SID) carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:</p> <p>Investments in the Scheme are subject to various risk factors including but not limited to risks associated with: investment in Equity and Equity related instruments, investments in Fixed Income Securities such as Price-Risk or Interest-Rate Risk, Credit Risk, Liquidity or Marketability Risk, Reinvestment Risk etc., investments in Derivatives (The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments), investments in Repo Transactions in Corporate Debt Securities, investments in Securities Lending and Borrowing, investment in securities with structured obligations/credit enhancements, writing of call options, creation of segregated portfolios, investments in Securitised Debt assets which would be in the nature of Mortgage backed securities (MBS) and Asset backed securities (ABS) with underlying pool of assets and receivables like Housing Loans, Auto loans and corporate loans. The various risks associated with securitised assets include Prepayment Risk, Credit Risk, Liquidity Risk, Conversion risk, Price risks etc. Different types of securities in which the Scheme would invest as given in the Scheme Information Document/Key Information Memorandum carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than Government securities. The above are some of the common risks associated with investments in various securities. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis. Further, the Fund/AMC is not guaranteeing or assuring any returns. Further, it should be noted that the actual distribution of IDCWs and the frequency thereof are indicative and will depend, inter-alia, on availability of distributable surplus. IDCW payouts will be entirely at the discretion of the Trustee. Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, i.e. before making a decision to invest/redeem Units. Please refer to SID for detailed scheme specific risk factors.</p>
